FLEX

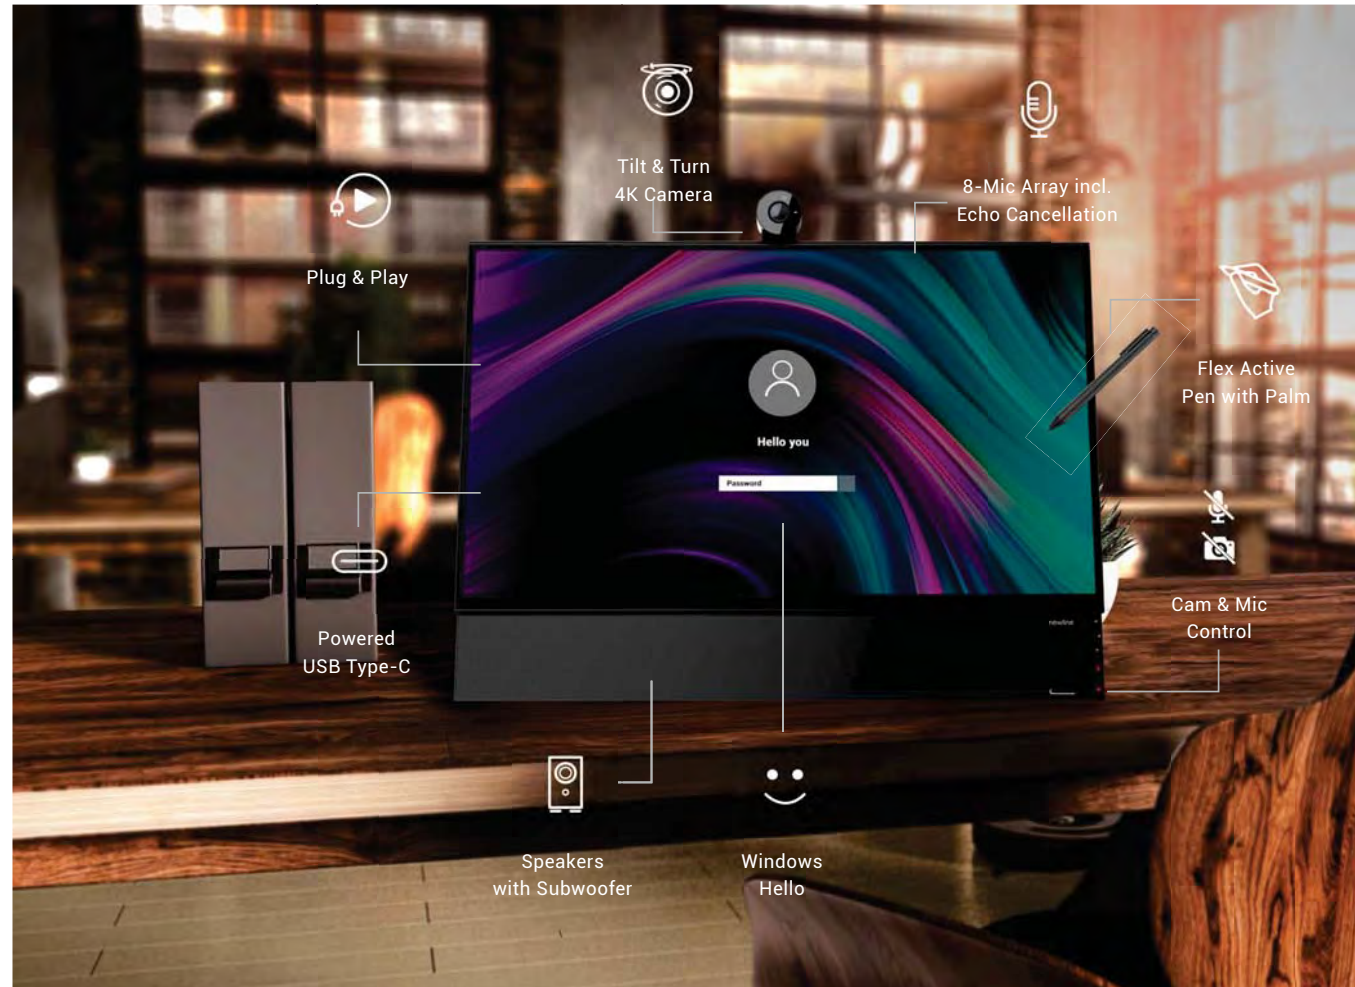

LEADING THE **NEXT GEN**
OF DESKTOP COLLABORATION

HELLO I AM **FLEX** WHAT IS YOUR NAME?

- ✓ I AM AN **ALL-IN-ONE** COLLABORATION DEVICE
- ✓ I AM WORLD-CLASS **TOUCH AND WRITING**
- ✓ I AM HIGH-END **PERSONAL** VIDEO CONFERENCING
- ✓ I AM **PLUG AND PLAY** FOR YOUR LAPTOP
- ✓ I AM ABLE TO **REVOLUTIONIZE** YOUR WORKDAY

NICE TO MEET YOU!

CONTROL AT YOUR **FINGERTIPS**

Intuitive button design will ensure you are always in control while you are on a video call. Not all video conferencing software is equally intuitive. Also, control menus might move while other people are presenting. You will often find yourself looking for a way to mute. Flex ensures these functions are always within reach with cam & mic control, no matter how the software may have moved the control menu.

Eraser button

Active Pen compatible with Windows Ink

EXPRESS YOURSELF IN THE DIGITAL WORKSPACE

Touch has become second nature. Touch devices need to understand your intention when you touch and writing needs to feel natural. Flex has been developed with these needs in mind.

Easily tilt Flex into a comfortable angle to start writing. Palm rejection allows you to use the pen in a natural writing position. The Flex active pen works fluently with Windows Ink. Simply annotate over any document using any software and save your notes.

How Flex I am

PLUG AND **PLAY** IN ANY WAY

Flex wouldn't be called Flex if its features and functions didn't live up to the name. Simply plug in your laptop and you instantly upgrade to a world-class touch, writing and videoconferencing experience. Easily power your device with the powered USB-C connection. No need for a learning curve, just use your existing desktop device. Want to remove all the clutter and cables from your desktop? Plug in an SDM for fully integrated

BRINGING VIDEOCALLS TO LIFE

Flex sees you, Flex hears you, Flex recognizes you. Human interaction over video calls is often tiring. Bad sound or image quality complicates clear communication. Flex can ensure a better experience from your end. Better capture your voice without background interference, clear images due to the 4K camera and better sound experience through high-end speakers and subwoofer. As if people are in the room with you!
