NEC Professional Short-Throw Projector

The excellent price performance ratio makes this projector especially suitable for classrooms and mid-sized meeting rooms. The filter free design with dust-protected DLP light engine, very long lamp life and low power consumption results into remarkably low cost of ownership. Various innovative new ECO functions such as the Ambient Light Sensor help to significantly reduce power consumption. A vast number of input terminals boosts connectivity and allows advanced interactive multimedia capabilities.

The interactive Multi-pen option and optional DisplayNote Presenter software turn this short-throw projector into the centerpiece of a modern learning and meeting environment.

BENEFITS

Connect and share - with up to 40 wireless devices with the NEC Image Express Utility (Windows & MAC) as well as Wireless Image Utility (iOS & Android) software.
